

About Apex

Who is Apex?

- **Apex is the preventative care component of the SALA Healthcare Program.** The Apex plans are not an insurance product, but a self-funded plan sponsored by the Small Association Leadership Alliance (SALA) in which its members are eligible to participate. The Apex plans qualify as Minimum Essential Coverage (MEC) plans for preventative care coverage.
 - A MEC plan must cover 100% of the Centers for Medicare & Medicaid (CMS) listed preventative and wellness benefits. This coverage is the minimum the law allows for and has absolutely no sick coverage. A MEC plan is the coverage that large employers may be required to offer to avoid the “non-offering employer” penalty (Penalty A) under the ACA requirements.

 - Starting with the 2019 plan year (for which you’ll file taxes in April 2020), the individual mandate penalty no longer applies. ([Source](#))

- There are two Apex products you can choose:
- The Apex Advantage plan that provides the Minimum Essential Coverage, offers a prescription plan, and a co-pay structure for limited visits to specialists.
- The Apex HDHP (High Deductible High Premium) Plan that provides the Minimum Essential Coverage at a lower monthly cost but does not include a prescription plan or coverage for specialists. The Apex HDHP plan does allow for the addition of a Health Savings Account (HSA).
